

Disclaimer Form

I _____ attests that my animal
_____, does not have all of the vaccines
recommended by Le Complexe Balto Hotel and/or is not operated.

The staff at Le Complexe Hotel Balto has very well informed me of the risks my pet is having boarding if their recommendations are not respected. The possible risks range from a simple virus such as a kennel cough to a more serious virus such as parvovirus that can lead to the death of the animal.

If my pet is not operated, there is a risk of more aggressive behaviour that can lead to a brawl and/or possibility of pregnancy for females.

I dissociate Le Complexe Hotel Balto from any responsibility if my pet became ill or if there were complications due to the fact that my pet is not operated or vaccinated.
